---

I have tried to install the downloads from the official site, but the launcher just won't start. The only program I have installed is Heroes in Crisis, with no issues. 4 days ago Sims 3 fitgirl repack error "the game crashed" Sims 3 FitGirl Repack Issues I have tried to install this for many hours, but without any luck. When I try to run it, it says: "The game crashed. Please try to re-install the game or contact support." Sep 14, 2020 Sims 3 fitgirl repack. My sims 3 game wont open and the error message says "the game crashed. re-installing." Feb 17, 2021 Sims 3 fitgirl repack. I get to the launcher and then the thing about the repack crashes the launcher, thus I can't download the game. If it would help I have also tried to download but it says the file has been replaced. If it helps, I have also tried to download and that didn't work. How do I fix this? Any help would be appreciated. I really want to use this game to help with my math and science. 6 days ago I have tried to download repacks from The Sims 3 website, and when I open the launcher, I get the message "the game has crashed. re-installing." 2 days ago Weird Sims 3 fitgirl repack. When I go to the launcher it says that the game has crashed. It says re-installing and it says "this is a private package and you are not allowed to install it. If you want to change your mind, please remove the game manually." I have tried to download the repack from and it says the file has been replaced. Is this repack legit? 2 days ago Sims 3 fitgirl repack. I downloaded the repack from the official website, but I get the message "The game has crashed. re-installing" when I try to run it.
